

## **Fifth visit of the representatives of the European Community to the AQUALIFE Project**

On 26-27 March the AQUALIFE Project hosted the fifth monitoring visit of the representative of the External Monitoring Team, Mr. Riccardo Scalera, who this time was accompanied by the Technical and Financial Desk Officers of the LIFE Unit of the European Commission: Ms. Elisabetta Scialanca and Ms. Paivi Rauma.

The first day has taken place in the headquarters of the Gran Sasso e Monti della Laga National Park, with an in-depth revision of the technical and financial/administrative progress of the project. On the second day the delegates visited the River Tirino for a demonstration sampling as well as in order to see the different levels of conservation and pollution along the river

**Monitors on the field for checking the AQUALIFE sampling procedure and the selection of GDE-sites**
